Exercise 02

Intro

2

For this week's workshop, you will need to work on two different exercises and implement all of the properties you learned during the week to stylize and position the elements(Flexbox) and make the pages responsive(*@media*).

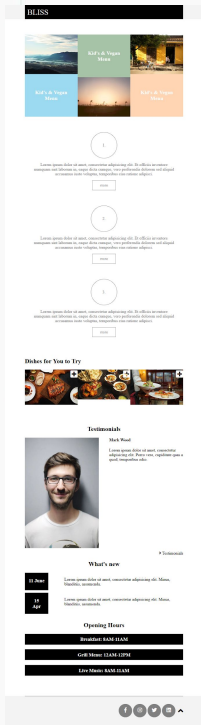

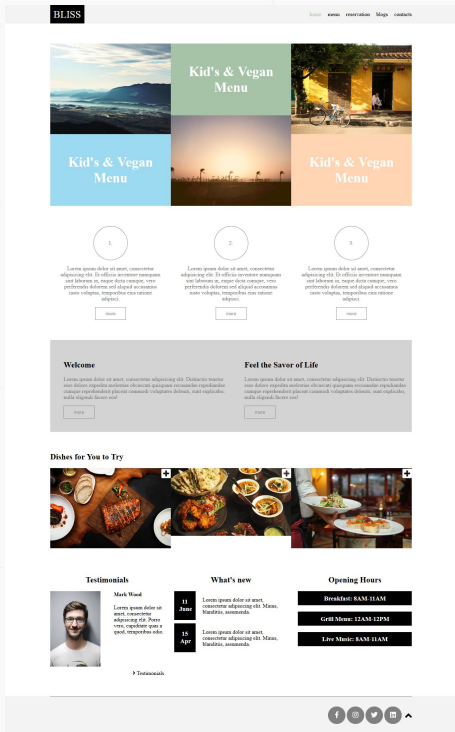

Apply the styles, as shown in the screenshot below.

[illegible]

Apply the styles, as shown in the screenshot. Make the pages responsive by using the Media Queries(@media).

Break a leg!

5

Please use the screenshots folder to see how the pages should look. If there is not enough time, try to finish the exercises at home. Feel free to use suitable different images for the exercises if not provided.
